Muslim Vellori	Mysore Chronicle 1-3 (Kan. edn.)	correspondent refers to the reports in the Press of the ill-treatment of Muslim Vellori who is now undergoing his sentence in the Bangalore Jail and states that the food given to him is very unwholesome; that he is not given dress which he should wear under his religion; that he has lost 18 lbs. in weight and that the latter calls for prompt inquiry by Government. States that two persons one of whom is a police officer hunted deer near a village in the Kunigal Taluk, shot two of the animals and carried them in their motor car; that this is clearly a violation of the Government orders which prohibit deer-hunting and that the matter should be inquired into. Replying to the article in the Guardian, contradicting the allegations which appeared in a previous issue of the Mysore Chronicle about the conduct of the Police in the Tiptur rioting case, states that the article has been misunderstood; that while the precautionary steps taken by the police to lead the accused persons to the jail were not called in question, it was only sought to show that it was most unusual to have marched the accused through the most busy part of Tiptur at a specially busy time and that the statement that the route taken was the usual route for the escort of prisoners is a perversion of truth.
